Origin and Background: (American) Robert "Bobby" Louis Drake was born in Floral Park, Long Island, New York to William Robert Drake and Madeline Beatrice Bass-Drake. Bobby is Jewish on his mother's side and Irish Catholic on his father's. Bobby first discovered his mutant abilities at a young age when he found himself unable to stop feeling cold and shivering.

A school bully named Rocky Beasely had convinced his gang to attack Bobby and Judy Harmon, his girlfriend at the time. Bobby panicked and encased Rocky in ice, saving Judy, but revealing his abilities to his peers. Believing Bobby to be a dangerous mutant, the people of his town, Fort Washington, organized a lynch mob. The mob broke into the Drake household and overpowered them. The local sheriff noticed that things were getting out of hand and took Bobby into custody for his own protection. The story made its way to Professor Charles Xavier, founder of the X-Men.

Xavier sent Scott Summers (Cyclops) to recruit Bobby. After Bobby turned him down, the two mutants got into a brief scuffle before the mob caught up with them. The mob was stringing Scott and Bobby up to be hanged when Professor X used his telepathic abilities to erase their memories. Grateful for saving his life and yearning to be like Scott, Bobby enrolled in Xavier's School for Gifted Youngsters and become the second member of the X-Men. There, the X-Men were tutored by Professor X and trained in the use of their powers in the Danger Room. As 'Iceman', Bobby learned to control his abilities in order to protect a world that feared and

hated him for being different alongside Cyclops, Angel, Beast, and Marvel Girl.

Iceman quickly befriended Beast, however he remained self-conscious about being the youngest member of the group. Still, his lighthearted approach to disaster often eased tension among his teammates. Bobby's rudimentary control of his abilities caused his appearance to be snowman-like, rather than the almost transparent ice version of his later years. Alongside the X-Men, he battled many foes including Magneto and the Brotherhood of Evil Mutants. In time, Bobby learned to cover himself in ice instead of his original snow man appearance. During this time, Bobby teamed up with the Human Torch to defeat the modern-day pirate Captain Barracuda.

Bobby started dating the waitress Zelda, often going on double dates with Beast and his girlfriend, Vera Cantor. Bobby and Iceman did not reveal their superhero identities to their dates. During one date, Iceman and the Beast got into a brawl with the Maha Yogi.

When the X-Men joined together against Mesmero and a robot Magneto, Bobby developed a brief romantic relationship with the mutant Lorna Dane which turned into a love triangle when Scott's brother, Alex Summers joined the team as 'Havok'. The triangle ended badly for Bobby when Lorna eventually decided that her heart belonged to Havok.

After it was revealed that Professor Xavier lied to his students, having faked his death, Bobby angrily quit the team. After hearing his former teammates were in trouble, Bobby traveled to the Savage Land where he stumbled into a conflict between Sauron and Magneto. Sauron erased Bobby's memories of the encounter. Bobby returned to the X-Men shortly after.

Bobby was among the original X-Men captured by Krakoa, which led to the formation of a new incarnation of X-Men. Bobby decided not to remain on the second generation of the team and left along with all of the original members except for Cyclops.

Bobby went-off to college at UCLA, where he eventually earned his CPA accreditation. Bobby and Warren Worthington III were attacked by harpies who were trying to locate Venus. The two young heroes were joined by Ghost Rider, Black Widow, and Hercules. After defeating Pluto, they decided to stick together as a team: self-styled "Champions of Los Angeles."

The group was volatile and disbanded after a brief stint. After the team disbanded, Bobby visited his former opponent Rampage in the hospital and was brought under his mental control. Bobby began wearing the armor of Rampage and helped him to escape. Spider-Man arrived to cover the story of the Champions disbanding, and Bobby battled both him and Angel. Spider-Man was able to bring Bobby to his senses.

Bobby was one of the heroes that became the New Champions, when he and a group of other heroes stopped a cult dedicated to Tiamat, an Mesopotamian primordial chaos goddess. They attempted to turn Los Angeles into a Chaos Pit where demons from another dimension would rule on earth under the control of Tiamet herself.
