BACKGROUND: Anjo-Kor was a Major in the Kree military. He served for six years with the 701st Neutronic Troopers. During his service, he earned three commendations for heroism and excellent service to the Kree Empire. His career prospects were good. His trajectory in the military was on the rise.

Until he encountered Colonel Vor-Tokk. The Colonel had ambitions of his own and he saw the Major as a potential rival and threat to him. Fortunately for Colonel Vor-Tokk, he had underworld connections. He used his contacts to frame Anjo-Tor as being a black market smuggler. As a result, Anjo-Tor was arrested and sentenced to a military prison.

Anjo-Kor spent three long years at the Kree military prison, Len-Krunn-Pah ("Death Dragon's Domain"). He endured hard, back-breaking labour with minimal sleep and nourishment. All who lived in the prison were condemned to a slow, painful agony as they work themselves to death.

While in the prison, Anjo-Kor had formed alliances with a small band of Kree pirates, smugglers, and other criminals. This band of cutthroats was led by the pirate captain, Ro-Zagg. Ro-Zagg had used his connections to plan a prison break and Anjo-Kor was going with him.

They were able to escape the Death Dragon's Domain prison with help from Ro-Zagg's crew on the outside. The pirate ship, the *Star-Raider*, arrived and busted Ro-Zagg and his handful of allies (including Anjo-Kor) out. Once onboard of the *Star-Raider*, the pirates plotted a course to Strafeesis – a wild and chaotic world on the outer rim of the Kree Empire. It was a world controlled by three powerful crime syndicates. It was a safe harbour from the Kree Empire, but beyond that it, it was far from safe. It was a highly dangerous world.

Anjo-Korr spent a year as a crew member of the *Star-Raider* under the command of Ro-Zagg. Anjo-Kor was eternally grateful for escaping prison, but he had come to realize that Ro-Zagg had no honour or any concept of it. Ro-Zagg was a hateful, petty little man who regularly abused his authority.

Then the day came where the *Star-Raider* encountered a damaged shuttle of an unknown type. Ro-Zagg saw it as easy pickings. He ordered an attack. The pirates boarded the shuttle and were quickly overrun by the desperate survivors onboard. Under the leadership of Harold Augustus Weaver, they were able to take control of the *Star-Raider*. Ro-Zagg tried to escape in the captured shuttle abandoning his crew behind. An unknown *Star-Raider* gunner blasted the shuttle as it was leaving thus ending Ro-Zagg's career and life.

Anjo-Kar was impressed with Captain Weaver and eventually joined the crew of the rechristened *Sundassa Shroud*. He is currently in a relationship with fellow *Sundassa Shroud* crew member, Jarod Brisbane (the only other human member of the Freebooters).
