Ship History: The ship's previous owner was a Duros smuggler known as Kabak Rab. Kabak Rab lost his ship when his debts grew too large to ignore for the local crime boss, Corr Nyosa. It is said that Corr Nyosa had Kabak fed to his Urian Hell Hounds for not paying his debt on time.

Do'zel has since taken ownership of the *Adjanni Crescent* and is now himself greatly in debt to Corr Nyosa. He has two years to pay off that debt, or else he will suffer the same fate as Kabak Rab.

Background: Born and raised on the planet Adjanni in the Rovat system located in the Mid Rim. He is from a family of intergalactic merchants. While his family deals with legitimate business, Do'zel has taken to dealing in the shadows. He is 35,000 credits in debt to the duros crime boss, Corr Nyosa.

Owner of the Corellian YT-1300 Transport freighter, *Adjanni Crescent*.

Personality: Courageous, ambitious, impatient, irreverent, sarcastic, and often suspicious. Friends are rare in his line of work so he values them highly (as such, he will never betray a friend).

A Quote: "I might know how to get my hands on what you're looking for... for a price."
