Personnel Dossier

Place of Birth: Reims, France

Date of Birth: July 9th, 1919 (23 years old)

Pèlerine (Peregrine) is the British codename for French citizen, Chloë Audette. She is active in several French resistance groups. The Germans killed her husband. She vowed to not rest until her beloved France is freed from Nazi occupation.

She has been known to use her attractive appearance to lull her target into dropping their defenses, and then going in for the kill.

She had a husband, her poor Marcel, but he was captured by the Nazis; Marcel was tortured for information about his resistance contacts. Once the Germans got what they could from him, they executed him by firing squad. None of Jules' underground contacts were exposed. Marcel got the last laugh on the Nazis by giving them false info.
