Personality: Scott Spencer has an eye for detail and an analytical mind. He is a Chartered Professional Accountant. He leaves any creative ventures to his husband, Gregg Cannon. He has been called a pessimist but he prefers to think of himself as a realist. He has pinned his hopes on this Ghostbuster franchise – he is expecting to get rich from this, but he has his doubts because he knows Victor can spin a good yarn.

Background: Scott Spencer was born in Halifax, Nova Scotia, Canada. He had a fun childhood growing up in a small North Atlantic coastal village. His old man was a fisherman like many from the village. By his teens, the fishing industry had collapsed (due to over-fishing and miss-managment) so he set out to find his own way instead of following his father's trade. He is a registered accountant in excellent standing.

Quote: "Why is it always me who gets slimed?" or "Are you sure we can afford this?" or "We're in the red! We need better paying clients!" or "Did you guys see that!?" [points out a detail everyone missed]
